### ABSENTEE BUYERS -

Each sale we sell several cattle to buyers that cannot attend in person. If you are unable to attend, please contact us to discuss the cattle and we will have a representative handle your bidding confidentially.

Welcome to the Fall Premier Sale! This is the seventeenth year for us to have this sale and I am as excited about this set of cattle as any we have ever offered. I am proud to say we still have that burning desire to produce the next great one and to win the next show. And, as I look back and see the people we have met and the friends we have made it's been a great ride and we're not done yet! There are few people in this world that get to do what they love for a living, and there are few that make a living in the purebred cattle business. We are very blessed to be one of the few.

This sale has a history of producing females that can win in the show ring and I am proud of that. But, the fact that they are going into production and out producing themselves is what really makes this sale continue to grow and get stronger each year. Buck Cattle Company was built on customer service and we still have not lost sight of that. As I put this catalog together it is humbling to see the numbers of cattle being sold that are second, third, and even fourth generation Fall Premier cattle. We want them to work for our customers.

This group of open heifers is as deep in quality as we have ever offered. We cut the numbers back a little to keep the quality up and to fulfill our commitment to host our monthly online auction. The good ones are here so study this catalog, check out the cattle, and buy them with confidence. We have never offered this many donor quality females in the breds and fall pair division of the sale. My thoughts were we are in extreme drought in the south but; people will always buy the great ones. The bulls this year are the biggest, stoutest, and oldest we have ever offered at auction. Just remember these cattle have experienced the worst drought and the highest degrees of temperature this part of the country has seen in 50 years. They have handled it better than we have!!

We have been fortunate to have had very successful sales the past 17 years but they don't all bring the big bucks so pay attention. Last year 40% of the heifer calves sold for less than \$3200. These cattle have been screened hard and there is not a heifer selling that won't show at some level.

Customer service comes with every lot and when you buy here it is part of the deal. If we can assist you in preparing for shows, making breeding decisions, or marketing decisions don't hesitate to give us a call.

Once again, we will be hosting a judging contest which will begin on Saturday at 7:30 AM at the Red Barn on the north side of Highway 70, just north of the ranch. There will be 4H & FFA, Junior College, and Senior College Divisions with individual awards presented at the sale. A cash drawing from all college contestants will also be awarded to one individual's team. I would like to thank Clay Elliott and his crew at Redlands Community College for heading up this event. All judging teams and individuals are welcome!

I am blessed with great family and friends, but it's no secret this operation could not function without great help. I would like to thank Matt Scasta, Davey Young, and Ray Unwin for their hard work and continuous dedication. It's a tough job and they are the best.

We invite everyone to be with us for this event whether you are looking to make a purchase or just to view the offering. Plan on joining us for lunch, I promise you can't find a better meal anywhere. Martindale Feed and EMCO will be providing lunch, and Emmett Byrd, Max Runyan, Donnie Hartin, and their crews are great cooks.

You are welcome to check out this offering any time prior to the sale and on sale day. If you have any questions or need assistance feel free to contact me or any of our staff. I hope to see you October 15th!

Thanks for your interest,

Jirl

## JIRL BUCK & FAMILY

Jirl, Brenda & Bailey Buck · Madill, OK  
 580-795-7271 · 580-795-4865 mobile  
 Matt Scasta, Davey Young & Ray Unwin,  
 Show & Sale Cattle

*jirl@buckcattle.com · www.buckcattle.com*  
 Sale Location: 18 miles E. of I-35 on Hwy. 70.

## LOCATION -

From I-35, take exit 29, go east on Highway 70, 18 miles to the Buck Cattle Company sign. Then proceed 1/2 mile south to the headquarters; from Madill, go 4 miles west of town on highway 70 to the Buck Cattle Company sign. Then proceed 1/2 mile south to the headquarters.

- Yahoo is sharp necked, extremely soft ribbed, powerful, and really really good!!
- Bobby Price purchased her dam as a bred cow for \$19,500 in the 2009 Fall Premier Sale. Bobby said he only wanted the best ones and he bought them.
- Her sire BK Unlimited Power proved his ability to produce champions in his first calf crop. In 2011, he sired the Champion Maine and Reserve Supreme female in San Antonio, Champion Chianina in Ft. Worth, and Champion Maine, Champion Chianina, and Reserve Supreme at the Oklahoma Youth Expo.
- Yahoo is sure to have her days of victory in the show ring but when she reaches production she will be one of the elite donors.
- She has a very unique birth mark on the left side of her face. She won't be over looked!!

- Yolo is an eye catcher. She comes high out of her shoulder into her neck, extremely soft bodied, extra sound footed, with worlds of quality.
- Her dam was a many time Champion including Champion MaineTainer at the National Western before becoming a member of DJ's Donor battery.
- She has been a standout to me since the first time I saw her in May.
- DJ's Cattle Co. was loaded with quality in their 2011 spring calf crop & this one leads the way.
- She did have the misfortune of losing part of her right ear in the ice storm. They will remember the champion was "the one with the frozen ear."

*BK Renegade 5010, dam of Lot 4.*

- Huge bodied, stout featured, very maternal, and attractive.
- Yuppie is one of the older Maine heifers in the offering which will put her in an older division than most of the females selling.
- Her dam was purchased by the Moore's in the 2006 Spring Edition Sale. She went on to be a many time champion for Trey Moore. She has proven to be the most productive female at Moore Cattle Co. She produced a division champion at the 2010 National Junior heifer show and several other outstanding females which have sold right here.
- She will not only make a great show heifer, here's a donor cow!!

*Endy Wood - Reserve Division Champion, 2010  
Maine Junior Nationals. A maternal sib to Lot 4 & 5.*

- This is the biggest bellied, deepest sided female in the offering. She's not just deep, she's good too!!

- She has so much to offer in a breeding program with the rib and power she has.

- Jerry Gibson purchased her dam as a bred cow in the 2010 Fall Premier Sale.

## JERRY GIBSON

4J Cattle Co is owned by Jerry & June Gibson and located in Decatur, Tx. Jerry has been involved in the Maine-Anjou business for several years and has a true love for the breed. Jerry made his first purchase here in 2003 and has been involved ever since. Jerry is a very successful Dallas businessman but he is a cowboy at heart. He loves to talk cattle and has true appreciation for quality. Jerry has cattle here and at his ranch in Decatur where he markets cattle at private treaty. Jerry is not just a customer he is a true friend.

*Thank You*

	SLC Sooner 101M		DMCC Limited Edition 4F	
	FM Miss Patty		Pannell Miss 015	
			Paddy Omalley	
			FM Lacy	

- There is no doubt this female will be a hot topic on sale day. No need in me trying to describe her just look at the picture and drive to Madill. She's worth the trip!
- Bobby Price purchased her dam after she was named Champion MaineTainer and Reserve Supreme at the Illinois State Fair. He later sent her to us to manage and fortunately for us, she is not only phenotypically a great cow, she's also a producer.

## BOBBY PRICE

I first met Bobby Price when I was 14 years old; he was doing his student teaching at Madill High School. Bobby has always been a guy willing to take on a challenge and he has proved that with his oil field business he has built over the past 25 years. Bobby has always had an interest in cattle, and like most things he is involved with, only the best is good enough. In 2009, Bobby contacted me prior to the sale and told me to help him pick out a few of the best females in the offering. He bought 10 head and they are great females! One was the 2010 National Jr Heifer Show Champion Female and one was the dam to Lot 1. *Thanks Bobby!*

## DR BOB MORTON

Dr. Bob Morton has been involved with Buck Cattle Co from day one. Dr. Morton has always had a passion for quality livestock. In the late 1980's he was buying show steers from me for his son Louis to show. Bob had a group of Maine-Anjou cows at the time and he asked me to find him a bull. I found him a bull and lucky for us he had a great set of calves and I helped him sell them. It worked great! That's when I saw there was a high demand for Maine-Anjou show heifers and Dr. Morton offered to send me the top end of his herd to manage. Those were the original purebred Maine-Anjou cattle that started Buck Cattle Company's purebred herd. After a few years, we dissolved the Buck and Morton herd and Dr. Morton changed his field of practice. In 2007, Dr Morton contacted me and said he had missed the cattle business and was ready to get back involved. In the past four years they have assembled some of the most elite females in the business and have exhibited the 2009 National Jr. Maine-Anjou Show Champion Female plus many other champions. However, his real goal is to build a superior cowherd. There's only one Dr. Bob Morton and I am proud to call him my friend. *Thanks Doc!*

- Here is a great prospect!!

## IRWIN CATTLE CO.

Irwin Cattle Co. is owned by Randy and Crystal Irwin in Hartshorne, Oklahoma. Randy grew up on the Irwin Ranch which raises commercial cattle and has for 100 years. Randy purchased his show steers from us when he was in high school. He then went to college, became a pharmacist, and was ready to be involved with show cattle again. Randy purchased seven bred heifers to get started, then he added an elite donor female each year to ramp up his program. Randy has produced the top selling female in both our spring and fall sales in the past, as well as the great bull BKRI Trendsetter. Randy doesn't go for quantity it's all about quality. The future is bright for Irwin Cattle Co and I am just thankful we can be a part of it. The Irwin family is as genuine as they come. We are proud to call them our friends.

*Thanks!*

- Flat hiped, stout boned, and striking looks.
- Anna Loftin purchased her dam in the 2008 Fall Premier sale as a show prospect. She showed her with great success. Her first heifer calf sold in our February online sale.
- Her dam is a full sister to Unlimited Power and a maternal sister to several great donors and herd sires, all out of the legendary 4072.
- She isn't just a show heifer, her pedigree packs a powerful punch too!!

## ENLOW RANCH

Enlow Ranch is owned and operated by Josh and Dewey Enlow in Sapulpa, Oklahoma. In 2003, they purchased BK Medicine Man from us in the Denver Bull sale. For the past seven years Enlow's have had cattle in both the Spring and Fall sales. Enlow's have a very successful Tractor and Equipment Auction and are great to deal with. They have built a beautiful ranch and a great cow herd, and continue to improve their operation daily. They sell cattle here and at the ranch. Good folks! *Thanks Josh and Dewey!*

- Great brood cow potential here!

## MOORE CATTLE CO.

Moore Cattle Co is owned and operated by Craig and Freda Moore and their children Ethan, Ty, Trey, Cole, Jacob, and Becca. Craig and I went to high school together and have been great friends ever since. They own Oklahoma Steel & Wire which manufactures all types of fencing products and is marketed nation wide. The Moore family has been in the cattle business for several generations but they became directly involved in the purebred business when Ethan became interested in showing. The Moore name is known throughout the country for exhibiting great cattle. They have stepped up their breeding program by adding two great sires BK Unlimited Power and Top Secret along with the use of embryo transplant. The Moore crew is like family to us. Bailey has grown up with 5 brothers and a sister! We have enjoyed their success in the ring and are now enjoying seeing the cattle they produce be successful as well. *Thanks Crew!*

- Star faced, little white socks, and lots of flash!!
- This deep ribbed, square hipped female was produced by our good friends at Euchee Creek.
- She can be dual registered as a foundation Simmental and as a MaineTainer.

## EUCHEE CREEK CATTLE CO.

Euchee Creek Cattle Co is located in Cushing, Oklahoma and is owned by Dr. Randy Grellner, Greg Griffith, Chantz Candler and managed by Jason Berlowitz. They were all raised in the cattle business and made their first purchase from Buck Cattle Co in 2004. These guys have had a goal from day one... to make the great ones. They made an impact on the show ring early with champions at Tulsa, Ft Worth, Kansas City, and Louisville. But, their real accomplishment came in 2009 and 2010 when they raised back to back Champion females at the National Jr Maine-Anjou Show. They have a powerful and productive cow herd. *Thanks Guys!!*

- We only have one Shorthorn female this time but she is a nice one.
- Freak necked, explosive hiped, and sound structured.
- She has a smokin' hot pedigree and her dam was Grand Champion Female at the 2008 Shorthorn Junior Nationals.
- She is still a little green but she has all the pieces in all the right places.

## BROKEN OAK FARMS

Broken Oak Farms is owned and operated by Richard and Marsha Rhodes in Yantis, Texas. In 2008, they purchased the top end of our replacement heifers. Since that time they have added a few elite females and the great herd sire BK Warrior. They market their calves here and at private treaty. They run a first class operation and are great people.

*Thanks Richard and Marsha!*

## JEFFREY'S

Duane and Sue Jeffrey are long time friends and customers. Duane and Sue were both educators and have been in the cattle business all their life. They have produced commercial cattle, purebred cattle, show steers, and have always had cattle on feed in the feed lot. Duane and Sue have purchased some real power cows the past few years and stepped their program up to the next level. They produced the 2010 National Jr. Maine-Anjou Champion female and the 2011 National Jr. Maine-Anjou Reserve Champion. The Jeffrey's are great cattle people and even better friends.

*Thanks!*

## THE HEREFORD DIVISION

We bought our first Hereford female in 2009 and have been slowly assembling some top end females. Our goal is to produce some top end show prospects for our two annual sales. Bailey has been showing Herefords the last couple of years and has had some success. The Hereford business is booming! The cattle are good and the people are great. We look forward to this adventure as we continue to try to produce the best Maines we can. We have started to assemble a few Hereford champion banners, and this is a great offering of Hereford heifers that sure look like they will add more banners to the collection. Same program, same service, just a different color!

I can't believe it was 12 years ago when I first began my junior show career. Now, it amazes me that it is coming to a close. However, my junior show career would not have been possible without the help of several people. There are far too many to list, but a few that were involved daily are Matt Scasta, Ray Unwin, and Davey Young, and of course my family. Also, my show steer career would have not been near as successful without the crew at Bonham Show Cattle. Thank you for all of your help and support along the way!
