Welcome to Buck Cattle Company's Fall Premier Sale. This sale is our favorite event of the year, it is our opportunity to show you the results of our breeding decisions and the cattle that will represent this outfit in the show ring for the next 18 months.

As we look back over the past 16 years of the Fall Premier Sale history, it makes me proud to see the number of champions we have sold and the number of great females that have excelled in production for their owners. And we are not done yet!

This offering of open heifers is easily the most powerful set we have ever sold and they are the most maternal group we have ever offered as well. The quality in the breds and pairs is deep as well, and the females leading off those divisions are the best we have to offer.

We hand selected 14 bulls to offer at auction and the remainder will be sold at private treaty, and they will be available for viewing on sale day. There are bulls to fit every operation; purebred, club calf, or commercial. And they will sell in everyone's price range.

After seeing the demand for Hereford females we have been assembling a few elite females to produce some top prospects for our sales. We are just getting started so we invited our good neighbors, Nelson Land & Cattle, to offer the top cut of their spring heifer calves. Jim Nelson and Ron Dugger have built an incredible cow herd over the past several years and they aren't finished yet. The females we selected are the right kind to compete at any level and they have the genetic foundation to out produce themselves.

Our program has been built on customer service and when you buy here it's part of the deal. If we can assist you in preparing for shows, making breeding decisions, or marketing decisions don't hesitate to give us a call.

Once again, we will be hosting a judging contest which will begin on Saturday at 7:30 AM at the Red Barn on the north side of Highway 70, just north of the ranch. There will be 4H & FFA, Junior College, and Senior College Divisions with the awards presented at the sale. I would like to thank Clay Elliott and his crew at Redlands Community College for heading up this event. All judging teams and individuals are welcome!

I am blessed with great family and friends, but it's no secret this operation could not function without great help, and I would like to thank Matt Scasta and Davey Young for their hard work and continuous dedication. It's a tough job and they are the best.

We invite everyone to be with us for this event whether you are looking to make a purchase or just to view the offering. Plan on joining us for lunch, I promise you can't find a better meal anywhere. Martindale Feed and EMCO will be providing lunch, and Emmett Byrd, Max Runyan, Donnie Hartin, and their crew are great cooks.

You are welcome to check out this offering any time prior to the sale and on sale day. If you have any questions or need assistance feel free to contact me or any of our staff. Thank you and we will see you October 16th.

Thanks for your interest,

Jirl

- Pay attention here! This is a maternal machine! Study her extra rib, levelness of hip, correctness of top line, and perfect structure.
- Her dam also produced BK Tenacious who is doing a great job in the Enlow program. Her dam is one of the best looking cows on the ranch.
- She is sired by Limited Edition who has sired countless champions over the years and most recently sired the champion female at the 2010 National Jr Maine-Anjou Show.
- Dillon Page purchased her dam from Euchee Creek in the 2004 Fall Premier Sale.

- She was a late addition to the offering so she didn't get pictured. She is a great female and may be one of the hot items come sale day. She is a little green but how this one is made, she could get really good. Long necked, deep flanked, perfect hipped, and extremely sound.
- Her dam was the 2008 Champion Female at the National Junior Chianina Show, Champion Chianina Female at NAILE, Champion Chianina Female Ft. Worth Stock Show, and Reserve Champion Maine-Anjou Female at the National Western in Denver.
- Her dam is owned with Allison Bond.

- Xotic is a big bellied, square hiped, good footed, attractive female.
- The Moore's have an incredible set of Angus females. Most of the cows they have purchased are registered. However, they have not been registering the offspring they have raised, so her dam is a commercial Angus.
- Top Secret is going to make a name for himself. The calves we sold this spring are doing great and this set of spring borns is impressive.
