Spring Edition

XVII

Welcome to Buck Cattle Company's 12th Annual Spring Edition Sale. We welcome you to come look at a great set of fall born females. This set of females is rich in proven predictable genetics, you won't be disappointed!

We have strived here at Buck Cattle Company to produce cattle, which can win in the show ring, survive in the real world, and produce. Our program has a proven track record for selling champions that can produce champions. We built our program on customer service, we will be here for you if you need assistance selecting, feeding, making breeding decisions, or marketing decisions.

This offering of summer and fall born heifers is a result of extensive embryo transplant and planned matings. These cattle are from our genetics and many of our customers' programs. Many of the females selling dams and or grandams sold in the Fall Premier and Spring Edition sales.

The junior program is a huge part of our program. We sell heifers in all price ranges, so no matter your budget you will find an affordable heifer. We have been fortunate to have had several very successful sales but, I can tell story after story of females that have sold for less than \$2500 which have went on to win. So study the pedigrees and the cattle they are here and they are good.

This summer the Maine-Anjou, Chianina, and Shorthorn Associations will all come together in Kansas City, Missouri to host their National Junior Shows under one roof at the same time. This will be an opportunity for dual registered animals to compete in more than one show. Several heifers in this sale will be dual registered. Junior National shows are a great family activity for contests, competition, and life long friendships.

I would like to give a special thanks to Matt Scasta, Clint Petzold, Davy Young, and Nick Hartin. These guys give it all they got everyday. Without them we could not do what we do. I would also like to thank our partners and many customers who work hard everyday to produce great cattle for our program.

We look forward to seeing you on sale day. If we can be of any assistance, please feel free to contact Matt, Clint, or myself anytime. We sell several cattle at each sale to sight unseen buyers. Please contact us prior to the sale for more information and the sale can be viewed at www.liveauctions.tv. We look forward to working with you.

Come early, look at the sale offering, and join us for a complimentary lunch provided by EMCO Agri Supply and Martindale Feeds.

Thank you,
Jirl Buck

War Horse
Miss Eternity

She is big bodied, level hiped, ultra attractive and sound. Her dam was a great Shorthorn female shown by Dylan Evans which was a many time champion including the highly competitive Wichita Mountains Classic in Lawton, OK.

Eskimo Joe G50
Melroe Lilac 230

CCC Dutchess 230

She has a maternal sister that was recently calf champion and Ft. Worth and class winner at San Antonio for the Hawes family. She's young and a little green but we believe this can be an incredible show heifer.

BCB Cher

Tater Tot is an extremely unique young female. She has a striking color pattern - red with a white blaze face. Her sire Doctor Who has proven his ability to produce numerous champion females. Bailey was very successful showing her dam. She was Champion or Reserve many times including the Oklahoma State Fair.
