

FALL PREMIER XX sale

WHERE CHAMPIONS
ARE A TRADITION.

10.18.14

WHERE CHAMPIONS ARE A TRADITION.

Welcome to our 20th Fall Premier Sale. This fall sale has always been a highlight of our year and it's hard to believe 20 years have passed so quickly. As I look back I know we couldn't have had that many successful sales with out loyal customers, great friends, and a supportive family.

We are so fortunate to be able to make a living in the cattle business and to be able to do what we love. This cattle market is at an all time high and the experts say with current cattle inventories and the demand for beef our future is bright. In high markets I firmly believe the good ones are the cheapest investment you can make.

Buck Cattle Co and our customers have had another incredible year. We had a great run at the majors right on through the Junior Nationals. Many of these Champions were produced here, but several of them were produced by our customers out of females they had purchased here. That's what it's all about!!

Like everyone says this is our best set ever. We are extremely excited about this sale offering. They represent our top cut plus many hand selected females from our customers. We believe they are the right kind to win in the showing and become great cows. The mature females selling are outstanding. Many of them have been in our embryo transplant program and have proved what they can do. Just come take a look I feel sure you will be impressed.

I am not going to go into details here but we are not selling any Maine cows in this sale this year due to our December 6th cow sale. I will promise you two things. 1) We will be selling a great set of cows in December including basically all our mature Maine-Anjou cows. 2) We are NOT getting out of the Maine-Anjou business. Yes, we will be depending on our customers to raise more of our sale heifers for a couple of years while we build back our numbers.

Our Fall Online Bull Sale will be November 4th on Breeders World. You are welcome to take a look at those bulls on sale day. It's a powerful set of bulls representing both breeds with a couple of special club calf sires included.

We have been fortunate in years past to have some very successful sales but, there are always several great buys and trust me there will be cattle for sale in everyone's price range.

Customer service comes with every lot and when you buy here it is part of the deal. If we can assist you with preparing for shows, making breeding decisions, or marketing decisions don't hesitate to give us a call.

We will be hosting our annual Judging Contest again this year, it will begin on Saturday at 7:30 AM at the Red Barn on the north side of Highway 70, just north of the ranch. There will be 4H/FFA, Junior College, and Senior College Divisions. We won't be taking reasons it will be questions only, with the awards presented at the sale. And, we are very excited to welcome Sure Champ as our judging contest sponsor again this year!

I am blessed with great family and friends, but this operation could not function without great help. I would like to thank Matt Scasta, Todd Herman, and Seth Buckley for their dedication to our program. We couldnot do it with out them.

We invite everyone to be with us for this event whether you are looking to make a purchase or just to view the offering. Plan on joining us for a great lunch provided Martindale Feed and EMCO and a special thank you to the ones who prepare it Don Kendrick, Emmett Byrd, Max Runyan, Donnie Hartin, Ann Hartin, and their crews. They are awesome cooks.

You are welcome to view this offering any time prior to the sale and on sale day. If you have any questions or need assistance feel free to contact us. We look forward to seeing you October 18th.

Thanks for your interest,

Jirl

Videos of sale cattle
will be posted at

CUNIA

PUREBRED ANGUS

Atan
Petunia
Angus
Angus

Here is a true breeding piece. Jerry Gibson has always preached that there's not a better female than a true F1 Maine. I'd say you can look long and hard and you won't find another direct Cunia daughter selling this fall anywhere!!

Her sire, Cunia, was born in 1969 and is a true legend in the Maine breed. For those of us that remember, the Cunia females were outstanding. They had body, power, look, milk and soundness.

Jerry Gibson created this female by using a modern day, deep soggy, good looking purebred Angus female and breeding her with 40 year old Cunia semen. She is an outcross to the leading sires of today and is sure to be a leading donor.

 Womack American Made 777 ET

Here is a well built female with power & look!

Her dam is a great looking two year old female. She is soft made, square built, and nice uttered.

The Unleashed calves have the look and power of their sire.

Sweet Annie is the oldest open female in the offering. Look, body, power, and pedigree.

Chris Happ said he had a great fall heifer so I told him to send her. She is really good plus she is backed by a great mother. Her dam is also the dam to National Champion and proven herd sire Kahuna. She has also produced several great females for the Delhawk and Mullinex operations.

She is sired by Cracker Jack, which sired the 2014 National Western Champion Polled Female and the 2014 National Junior Hereford Expo Champion Polled Female.

87S was our original Hereford purchase. We teamed up with the Swanson's in Denver to purchase this great female. She was the Champion Cow/calf pair in Denver that year. She is the real deal, she has produced several great females including a \$26,000 heifer calf this fall and she has two great females selling in this offering as Lots 63 & 64. She flushes great, she made 25 #1 embryos in a single flush last spring. She has the pedigree and production record to take a progressive program to the next level.

WHAT CUSTOMERS ARE SAYING

"The stress of another long, hot Texas summer is a lot for all cattle to take, but it is even more challenging when trying to keep mature show cattle at the top of their game. The VitaFerm® product combination of Sure Champ® pellets and the Vita Charge® STRESS TUBS have made keeping our showstring in top form through the summer months an easier process. The cattle stay on feed and manage the stress of continual 90 to 100 degree days, which allows us to remain competitive with exhibitors from more favorable summer climates."

- Doug Satree, Satree Angus

"Summers in Indiana tend to cause a lot of stress on calves that have been recently weaned, not only from a standpoint of heat stress, but from being moved in and out of the showbarn and to different locations. Since using the Vita Charge® STRESS TUBS, we have seen a tremendous difference in cattle transitioning better from the various out-of-state locations we bring them in from. Calves are more aggressive at the feed bunk which results in better gain, less heat stress, and therefore, they are healthier."

- Tim Schaeffer, Schaeffer Show Cattle

- PROMOTES A HEALTHY APPETITE ON A DAILY BASIS AND DURING HIGH STRESS TIMES
- LOWERS BODY TEMPERATURE TO KEEP FRESHNESS AND BLOOM
